Findings Defined

- **Unfounded:** The investigation determined conclusively that the act(s) alleged in the complaint either did not occur or that the Department member named in the allegation was not involved in the alleged act(s).
- **Exonerated:** The act(s) alleged in the complaint occurred. However, the investigation revealed the acts were justified, lawful, and proper.

The Command Officer making this finding should consider whether training and counseling might still be recommended for the subject employee if such actions may provide ways for the employee to provide public safety services in a manner that does not lead to a complaint. Consideration should also be given as to whether the Strategic Services Captain may need to consider altering or updating training content for all personnel to avoid similar complaints in the future.

- **Not Sustained:** The Internal Affairs investigation determined that there was not sufficient evidence to prove clearly that the alleged act(s) did or did not occur.

The Command Officer making this finding should consider whether training and counseling may still be recommended for the subject employee if such actions might provide ways for the employee to provide public safety services in a manner that does not lead to a complaint. Consideration should also be given as to whether the Strategic Services Captain may need to consider altering or updating training content for all personnel to avoid similar complaints in the future.

- **Sustained:** The internal affairs investigation determined that sufficient evidence existed to prove that the act(s) alleged in the complaint occurred.
- **No Finding:** The complainant failed to provide information promised to complete the investigation, the complainant is no longer available to clarify details needed to make a finding in the case, and the complainant has advised he or she is no longer willing to cooperate in the investigation, or the SDPS employee is no longer employed with the City of Sunnyvale before the internal affairs investigation could be completed.
- **Complaint Withdrawn:** The complainant alleging the act(s) involved in the case indicates he or she would like to withdraw the complaint. This finding will only be used with the approval of the Chief of Public Safety, as misconduct issues may have been brought to light that need to be investigated even though a complainant expresses a desire to withdraw the complaint.
- **Exceptional Clearance:** When the initial investigation of a complaint reveals that the misconduct alleged in the complaint did not occur, based on immediately available evidence and/or recorded media, the complaint is categorized as Exceptional Clearance. Complaint investigators complete formal written documentation of the incident using the Internal Affairs Investigations Report Format to explain why the case was cleared exceptionally.
