

Heritage-Cultural Consultants for Sunnyvale Properties

Sunnyvale’s Heritage Resources Inventory recognizes properties which have architectural or historic significance. Proposed major exterior changes or demolition of these properties requires review by a qualified consultant. Consultant review may also required for demolition of any properties over 50 years old. Below is a list of qualified consultants. You may also use a consultant to help you nominate a property for the Heritage Resources Inventory.

If you are a consultant and wish to be added to the list, send your statement of qualifications and resume to planning@sunnyvale.ca.gov.
